RE: Security Fencing Project/Additional Funding

After several attempts to price the aforementioned project it was decided that one contractor be tasked with the entire project which included the creation of a roadway, drainage and curbing. The change in the scope of the project changed the cost. The original \$88,000 (Capital) was not going to be enough to complete the project. The Police Department believes that this project is imperative to its needs for additional parking and more importantly to the overall security of the Police property. The bids were fair and representative of the project. The Bid was awarded to Tropic Fence Company for \$171.082. The Police Department wishes to proceed with this project and will provide the additional \$85,978 from Impact Fees.
